

PRIME NEWS

PRIME NEW YORK. THE CONSULTANT OTHER POLITICAL CONSULTANTS TURN TO.

TWENTY FIVE YEARS PROUDLY SERVING NEW YORK'S POLITICAL COMMUNITY

Dear Friends,

It was the summer of 1987, when a young Manhattan Democratic District Leader named Scott Stringer suggested to us that we “go into the list business.” We continue to lead the field because we provide the data & services a winning campaign needs. We started Prime New York the next year and quickly became New York’s largest voter file vendor. Scott has done well since then also.

We know New York politics and know the differences between voters in Williamsburgh, Williamsbridge & Willowbrook.

And unlike other companies, there are no hidden costs with us. If you just want a voter file, you only have to pay for that, not for a costly generic delivery system that you may not need.

We can select voters for based on voter history, age, gender, ethnicity, or any combination of these factors. We offer free counts to help you target your voters and create a campaign budget.

Every year, we are happy to send you a report with the previous year’s City election results and information about what we are doing. We hope you find it informative and please contact us to learn how to get in touch with your voters by calling us at: 212-587-8080 or via email at primeny711@aol.com.

— Stuart Osnow and Jerry Skurnik

THE PRIME NEW YORK DIFFERENCE

- Over 45 years of experience in New York politics.
- 25 years of experience with voter files and related products.
- Constantly refreshed voter data with county updates at least every six months.
- Fresh telephone and National Change of Address updates every 90 days.
- Identification of cell phone numbers.
- We've matched over 70 ethnic types to our records using proprietary processes, including likely African-Americans.
- We match our files to commercial data and append apartment numbers where they are missing in the voter file.
- Using sophisticated "Householding" programs we distinguish between single family residences, non-traditional families and apartment complexes assuring you that all of your selected voters are reached.
- We now offer a Telephone Number Confidence Code to help you select only those voters most likely to have working numbers.
- Our voter files can now include all ethnic codes, data of birth & age, old & new districts and 10 years of voter history.

Linc•InVoters®

**Are You Thinking Computer Data for your Campaign?
Think of it this way...You can drive a new LINCOLN or an old used VAN**

*The Data in your campaign should
be fresh, maintained, with custom tune-up
to your district's terrain for a successful ride to
Election Night. Or it can be cheap, dirty and old,
making for a bumpy ride and eventual breakdown.*

Prime New York has been perfecting Voter Data services for more than twenty years. We invest in research and programming. We know New York and are proud of our reputation for fast and efficient service. Our partnership with Lincoln Voters over the past five years has delivered success for insurgents and incumbents alike.

First stop: Petition Drive. All too often campaigns swerve into a ditch here, with expensive or even fatal results. **Lincoln Voters** is the best software for gathering and verifying petition signatures in the event of ballot access issues.

Shifting gears, **Lincoln** helps build a campaign's field operation and GOTV drive. Powerpacked, easy-to-understand screens combine with efficient data entry helping your volunteers to interface with voters.

Prime New York takes our customers where they need to go in their brand new LINCOLN.
